

Critical Listening

Want to sit down in a specific room and appreciate the fine subtleties of your high resolution audio collection? DTS Play-Fi has you covered.

Critical Listening mode allows you to send your high resolution audio files to your premium DTS Play-Fi product with no transcoding or downsampling, no wires necessary.

A/V Synchronization

No longer do you need to suffer through the tiny speakers of your laptop or tablet when watching videos or YouTube. With the DTS Play-Fi app for *Windows, turn on Video mode, and send the audio to the nearest DTS Play-Fi product to enjoy your video with premium sound wirelessly A/V synchronized.

**requires Windows upgrade purchase <https://play-fi.com/apps/windows/>*

More ways to control your music

We integrate with the software and hardware controls on your phone, tablet, or computer. Pause or seek through tracks in the notification or lock screen, or just leave the phone in your pocket and use the volume rocker to raise the noise throughout your house.

Got a smart watch? DTS Play-Fi can be controlled from both Android Wear and Apple Watch systems. Easily see what's playing at a glance, and quickly change up how the sessions going, without ever having to touch your phone.

DTS Play-Fi Headphones

With the new DTS Play-Fi Headphones app, you can enjoy high quality TV audio privately through any pair of headphones.

Not only do you get the great sound quality and tight A/V synchronization of DTS Play-Fi, you can also connect to multiple headphones or speakers at the same time.

This app is only available on iOS and Android is coming soon!

OVERVIEW

The QUAD Vena II Play is the latest addition to the best-selling QUAD Vena series of integrated amplifiers. It is also heralds the arrival of wireless audio streaming and multi-room technology to the QUAD product portfolio. Based on the recently upgrade and richly specified Vena II, the QUAD Vena II Play incorporates the acclaimed DTS Play-Fi® platform.

With DTS Play-Fi® Technology, music can be streamed over your wireless network in high resolution format and can be easily expanded to an ultimate multi-room system if required. You can stream from any source on your wireless network, including smart-phones, tablets or PCs as well as a NAS Drive.

The DTS Play-Fi® platform offers a wealth of music options from around the globe. Spotify, Tidal, HD Tracks, Deezer, Amazon Music, Napster, KKBox and Sirius XM, to name a few. Browse a radio guide with thousands of stations and podcasts, or stream from a home media server with DLNA compatibility.

QUAD Vena II Play borrows more than just looks from its sibling, the Vena II - utilizing much of the same high-specification design, including the ES9018K2M from the Sabre32 Reference DAC as well as the aptX Bluetooth connectivity, it has all the pure musicality of QUAD coursing through its very versatile circuitry.

There is also a smattering of both digital and analogue connections, including an MM phono stage, for a turntable. So however you want to enjoy your music, analogue or digital, the QUAD Vena II Play will have you connected and ready to play.

Above: QUAD Vena II Play in lancaster grey finish. NET indicator LED changes to green when connecting to Spotify platform.
